

Resort Village of Sunset Cove

Gerry Argue Memorial

The RV of Sunset Cove is constructing a memorial area, (yet to be named) to honour the memory and extreme devotion Gerry Argue provided for our resort village. He was our mayor (or on council) for almost 40 years and was instrumental in us becoming an organized hamlet, then a resort village. More details to follow. If you wish to volunteer any time or materials towards this project, please contact any member of council. Thank you!

Did you know?

It is the law that all pumps located in our lake are required by law to be on a dedicated GFI (Ground Fault Interrupter) device. Each year people die from being electrocuted by faulty pumps (wiring) located in water. **Let's ensure this does not occur in our resort!** Please check your pump's electrical system to ensure it complies.

THEFT!!!

Our village's speed bumps have been stolen for the 3rd time in 4 years. We have every reason to believe it is one of our residents committing this theft as no neighbouring communities have ever had this occur. Please remember that they are there to slow down traffic to prevent an accident with someone who may not be paying attention. We have contacted the RCMP and will lay criminal charges if the person responsible is determined. We have once again re-purchased more speed bumps and will continue to do so each time they are stolen.

Our new website is completed. We will endeavor to keep it updated in a timely fashion with our agendas and council meeting minutes and financial statements. www.rvsunsetcove.ca

FENCING

The Resort Village of Sunset Cove will be replacing the damaged fence along the west side of our village's property. We are locating it approximately 30 west of it's current location, along our village's boundary. We will leave a walk through opening to permit persons walking there un-hindered access.

Boat Lift Locations

Please remember update your lease for your boat lifts/boathouses located within our municipal reserve. The lease agreements for 2019 will be mailed out shortly. This information is also attached to our website.

Social Committee

We are looking for volunteers who are interested in forming a social committee to organize various social events at Sunset Cove. Initial thoughts are for a Canada Day celebration and a BBQ. Please contact us if you're interested. Thanks!!!

The RV of Sunset Cove has established a yard light to illuminate the boat launch/village shed area and to provide an additional measure of security towards our resident's boats/boatlifts situated there.

Fire Fighting

Please remember that it is your responsibility to have fire fighting insurance added to your household insurance plans. A minimum of \$10,000.00 is recommended. You are legally responsible to pay for any firefighting needs you create or require. Please check with your insurance agent to ensure you have this coverage in place.

Spring Clean-Up

The Resort Village of Sunset Cove has brought in a 30 cubic meter Loraas disposal bin for the month of May. It has a walk in door on the south side. It is intended for our residents to use for their spring clean-up rather than paying the high land-fill fees. Appliances, general rubbish, small pieces of lumber, branches, etc are all permitted in this bin. *****Tires are not permitted.** Going forth, this will be implemented yearly.
